M1F01(C)

QUALITY HEALTH AND SAFETY AND ENVIRONMENTAL POLICY

Founded in 2007 in La Flèche, VISION PLAST specialises in single-material and dual-material injection moulding, as well as overmoulding, for the automotive, industrial, construction and home automation sectors.

Having expanded into Spain in 2018, VISION PLAST offers a comprehensive solution in plastics processing

Vision Plast specialises in the manufacture of plastic components, from order management and procurement through to the delivery of our products to the automotive industry.

Our Vision

To become a recognised European player in our sector

Our Mission

The design, development and manufacture of plastic assemblies and sub-assemblies for the automotive sector and general industry (diversification)

Our Values

- Putting customer satisfaction at the heart of our business
- Ensuring the long-term sustainability of our expertise through internal and external training

The management of VISION PLAST Group places Safety, Quality and the Environment at the forefront of its priorities. Our integrated management system is based on the IATF 16949, ISO 14001 and ISO 45001 standards.

To this end, all staff must be familiar with, adhere to and act in line with our three strategic priorities and day-to-day commitments:

Safety

LA SÉCURITÉ D'ABORD

Ensuring a safe and healthy working environment
- Complying with the requirements of the ISO 45001 standard
- Promoting a culture of safety,
- Providing ongoing safety training for our employees

Quality

ENGAGEMENT QUALITÉ ENGAGEMENT

- Meet customer requirements
- Promote customer satisfaction
- Comply with the requirements of the IATF 16949 standard,
- Continuously improve our processes

Environment

- Protecting the environment and preventing pollution,
- Meeting our compliance obligations
- Ensuring effective management of environmental risks
- Raising awareness of environmental protection amongst our employees and partners
- Continuously improving our environmental performance
